ANSI/HPVA EF Certification American OEM

1499 R.W. Moore Memorial Pkwy.

Only, TN 37140

HPVA Laboratories recognizes this mill's production as certified to the *American National Standard for Engineered Wood Flooring* (ANSI/HPVA EF). The products listed in this certificate, as defined by the facilities' Quality Control Manual, may now carry the HPVA Laboratories certification label. Certification is granted to this facility based on annual audits demonstrating conformance and commitment to the quality control procedures necessary to ensure production meets the requirements of the standard. Product conformance is determined through semi-annual testing/evaluation of product types for moisture content, three cycle soak (type II glue bond), Table 3 tolerance requirements, and finished product formaldehyde emissions as stated in the EF standard.

Scope of Certification

Product Type(s)
1.) Prefinished Engineered Hardwood Flooring (Veneer Core, 1/2" thick with rotary and sliced faces)
2.) Prefinished Engineered Hardwood Flooring (HDF Core, 1/2" thick with rotary and sliced faces)

Effective Date of Certification:
May 23rd, 2017
 Date Re-Issued:
January 8th, 2020
